PROFESSIONAL SUMMARY

Full-stack web developer with 4+ years of experience building scalable applications using Laravel, Vue.js, and MySQL. Skilled in API integration, Agile workflows, and AI model training for developer tools. Passionate about delivering high-quality solutions and staying current with emerging technologies.

WORK EXPERIENCE

SVEN - The Digital 1st Agency — Quezon City, Philippines (Remote)

Web Developer — Sep 2025 - Present

- Led full-stack web development projects, designing and deploying scalable, high-performance applications tailored to diverse client needs.
- Ensured system reliability by actively participating in project planning, API integration, system design, and rigorous technical troubleshooting.
- Maintained continuous professional growth, adapting to and implementing emerging full-stack technologies to align with evolving project demands and industry best practices.

Switch Connect — Laguna, Calabarzon, Philippines

Full-stack Developer (Promoted) — Sep 2023 - Oct 2025

- Served as the core developer for key accounts, including Honda, successfully driving critical web application development using Laravel, Vue.js, GraphQL, and MySQL.
- Mentored and provided technical guidance to junior developers, fostering skill growth and ensuring adherence to best practices within Agile and Scrum full-stack workflows.
- Used Jira for task tracking, ensuring clear communication and on-time delivery across a multi-year project.

Junior Web Developer — Apr 2022 - Sep 2023

- Contributed to coche.ph web app, a key project that helped secure the Honda account.
- Built responsive frontend features (Vue.js) and supported backend development (Laravel, MySQL).
- Participated in Agile sprints, planning, and stand-ups within a collaborative team.

Outlier — Remote

AI Trainer for Developers — Oct 2024 - Jan 2025

- Trained AI models for developer assistance and code generation.
- Improved model accuracy on coding patterns, debugging, and best practices.
- Contributed to AI tools that boost developer productivity and code quality.

EDUCATION

Trimex Colleges — Binyan, Laguna, Scholarship Recipient

Bachelor of Science in Information Technology (B.S.I.T.) — Jun 2024

Binyan Integrated National High School — Binyan, Laguna

Senior High School Diploma — Apr 2020
